

DAKOTA FLUID POWER

GROWFLUID PROGRAM

INTERNSHIP PROGRAM

INTERNSHIP PROGRAM

WHO? WHAT? WHERE?

Dakota Fluid Power... you know, the business that sells and services hydraulic, pneumatic and electrical components and equipment for various applications. DFP has branch locations in South Dakota, North Dakota, Nebraska, Minnesota and Wisconsin.

THE BIG WHY?

Our question would be, **WHY NOT?** Dakota Fluid Power employs technicians, technical sales, outside sales, engineers, welders, machinists, service coordinators, system designers and assemblers just to name a few in industries ranging from Construction, Ag, Mining, Oil/Gas, Wind, On & Off Highway, Municipalities, Utility Work, Waste, Forestry and Railroad. **WAIT! THERE IS MORE!** Dakota Fluid Power also offers all employees opportunities for continued training through our DFP University! Are you saying **WHY NOT** yet?

THE EXPERIENCE

At Dakota Fluid Power, you will experience working with great people on equipment that is high-tech in our two year program. In your first year, you will be exposed to 10 weeks of job shadowing the different areas of DFP including state of the art hydraulics, customer interaction and critical thinking hydraulic projects. Our intentions are to develop future Certified Fluid Power Experts that possess critical thinking, problem solving, communications and interpersonal skills. In your second year, you will be assigned a mentor who is knowledgeable in the company and an expert in fluid power technology.
