

STEEL BSPP CAP & PLUG KIT

Versatile for Applications

British Standard Parallel Pipe (BSPP) caps and plugs can be used on equipment that is designed or manufactured in England, France, Italy and other foreign countries. These caps and plugs are mainly for use in blocking off hoses and fittings, but with additional seals, the male plugs can be used to block off BSPP female ports. Used as a tool for testing, permanent installations or to prevent oil spillage or contamination on your hydraulic systems.

Kit Components

- Adapters Ranging in Size (23)
- BSPP Caps Ranging in Size (23)
- ZP6799900 Plastic Carrying Case (1)

Part#: 101915
